Kedem Arnei Hefetz

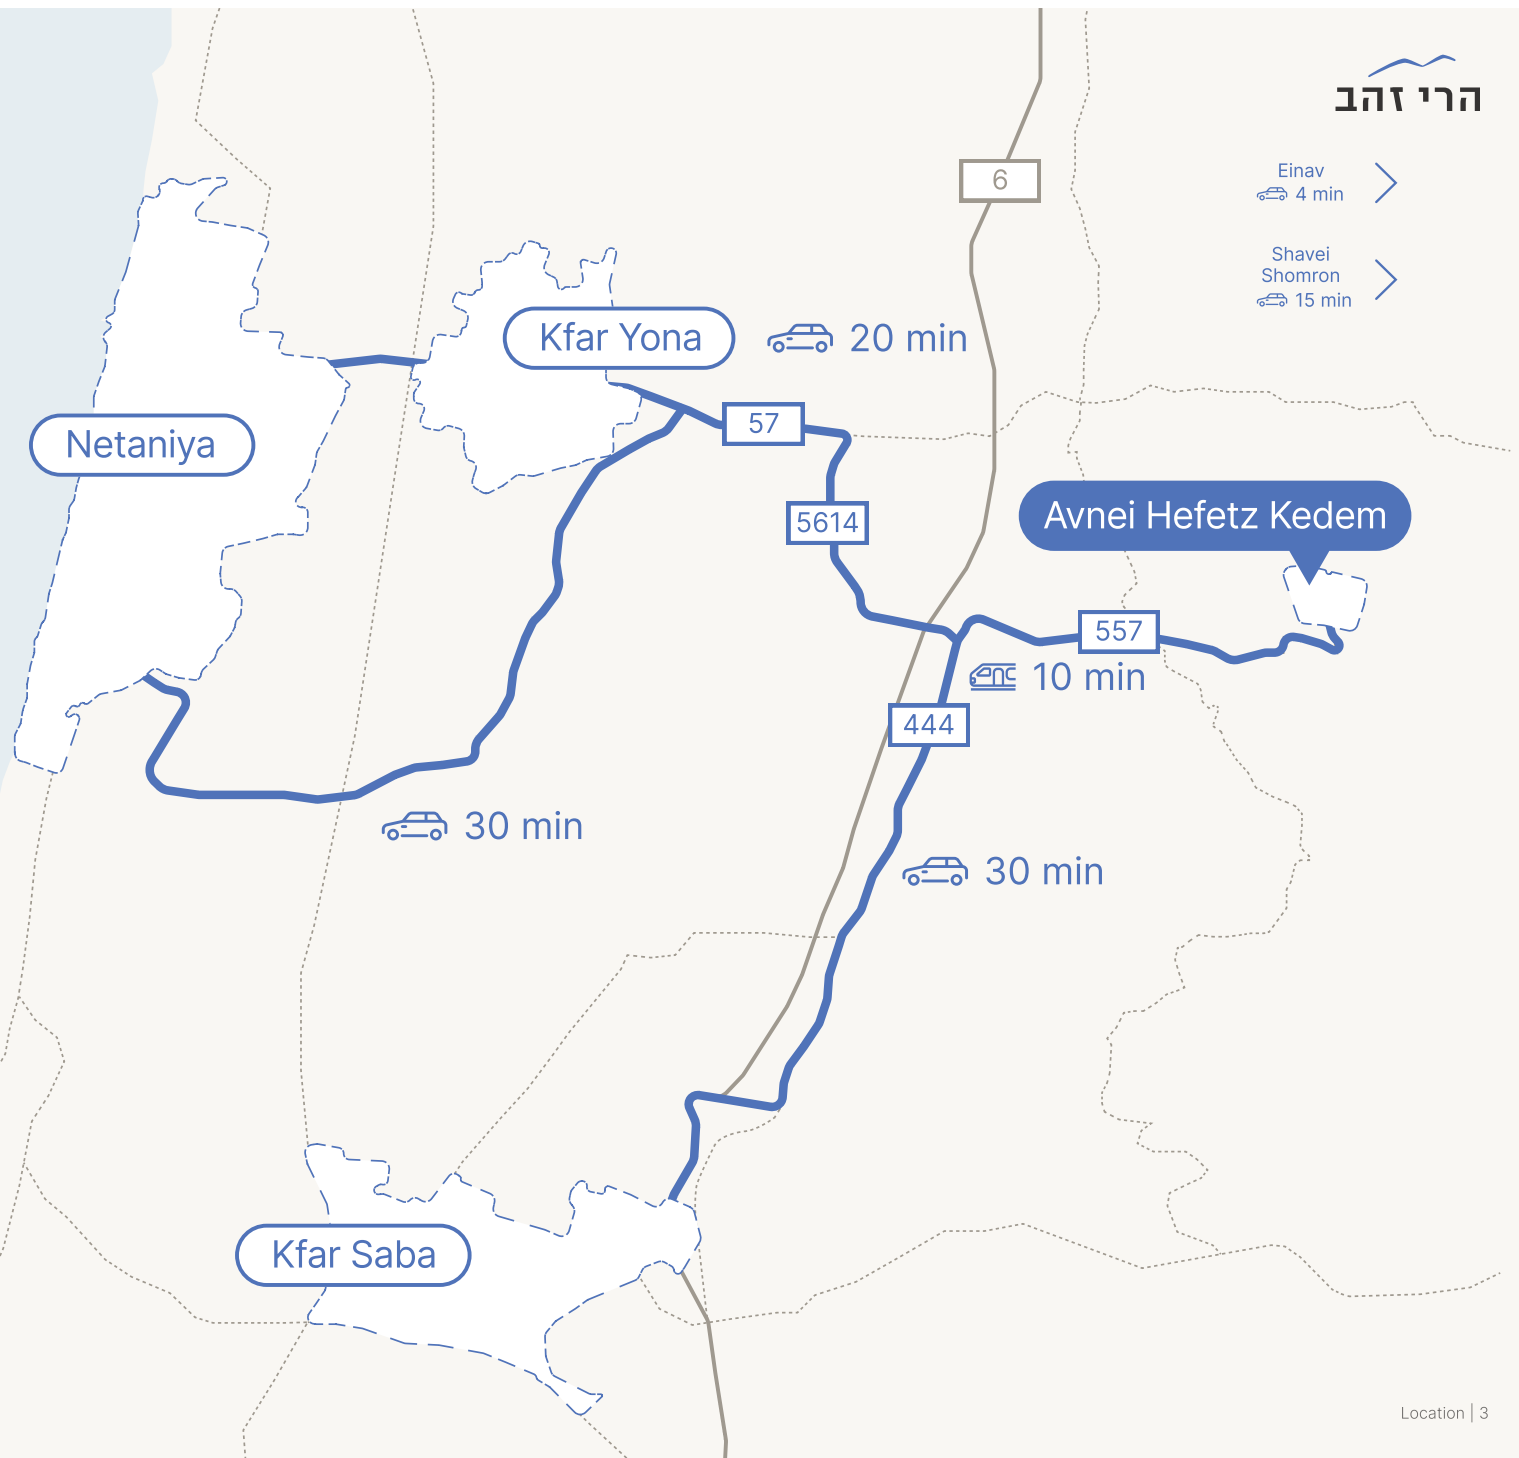

Hello, we are Kedem - the new and exciting neighborhood in Arnei Hefetz. If you're a young couple just starting out or a young family looking for your first home - you've come to the right place.

Here, in the heart of the flourishing Samaria, we are building a new, young, and vibrant religious Zionist community. A place where you'll feel like you're part of a community startup, writing together the next chapter of settlement.

Established in 1990 by a group of Israeli Orthodox Jewish students from the Karnei Shomron Hesder Yeshiva with help from Amana

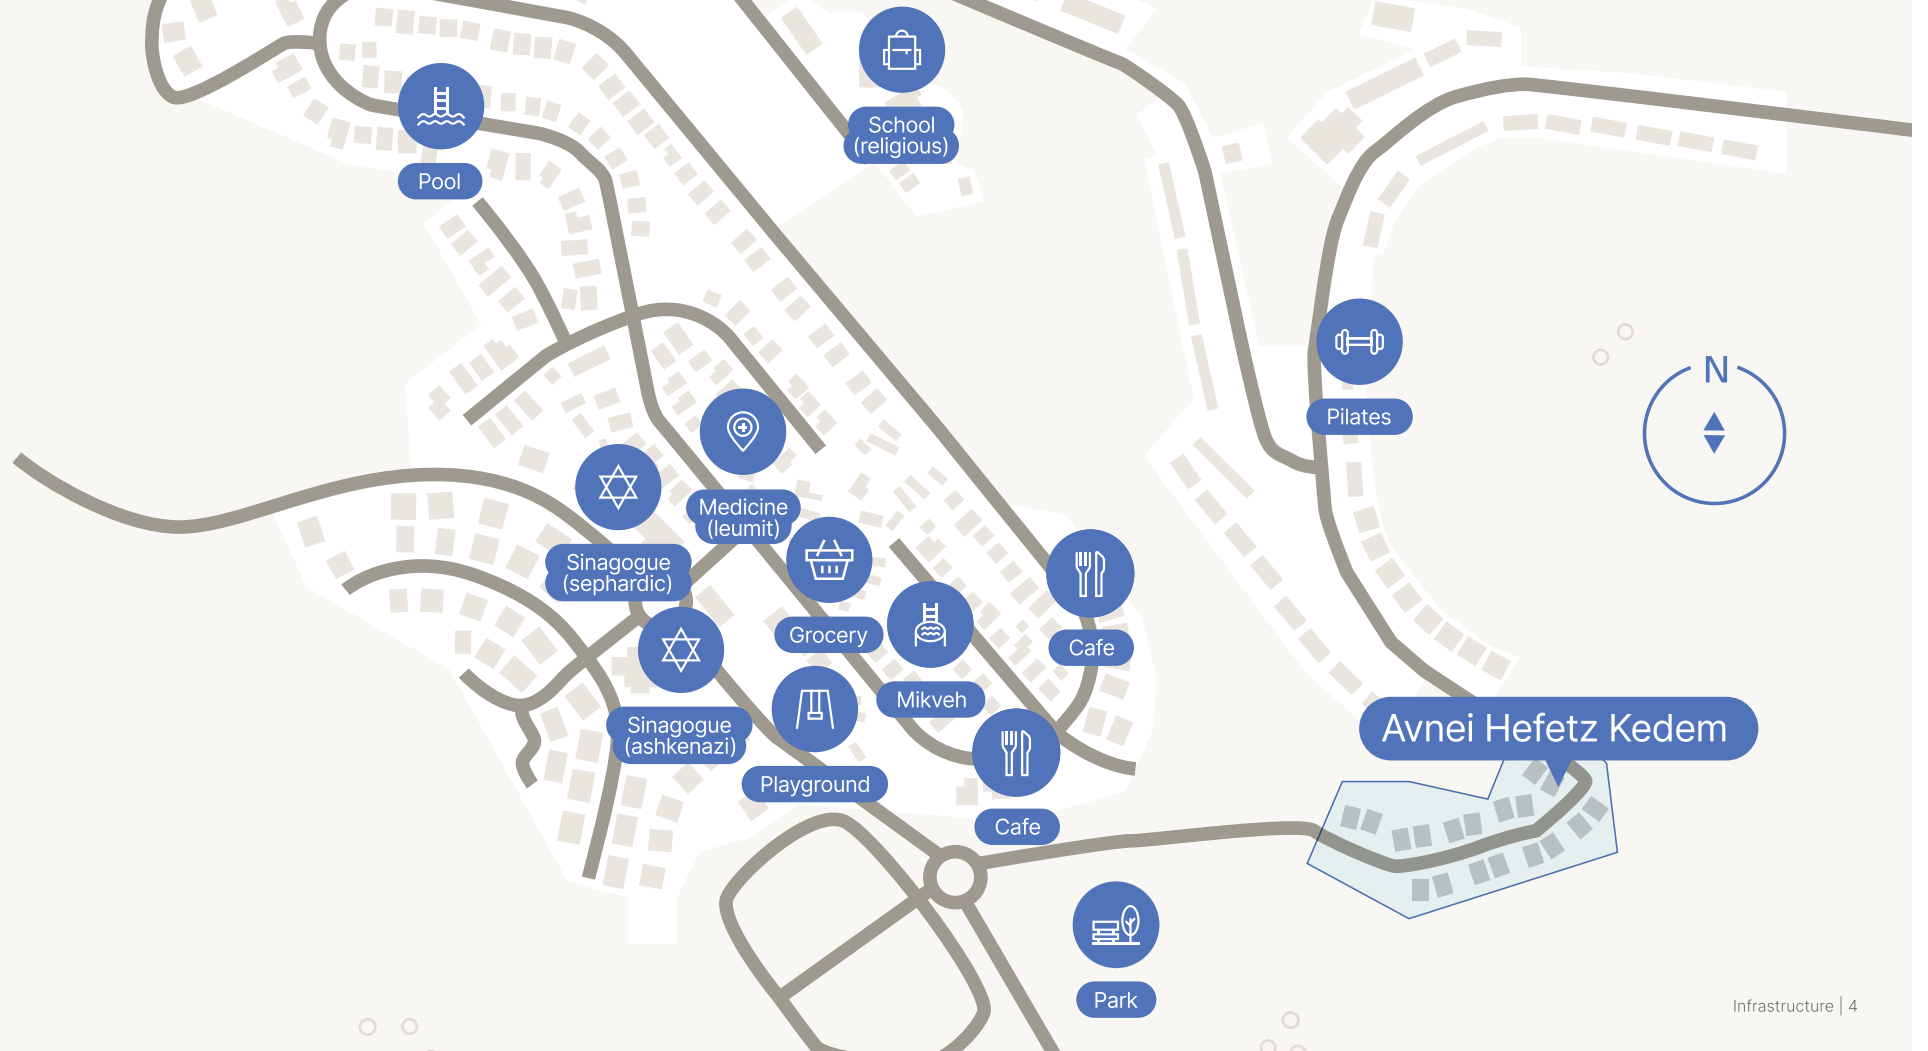

Location

Infrastructure

Next to Avnei Hefetz, a huge industrial zone is planned called "Bostnei Hefetz" – which will provide the area with jobs and commerce opportunities.

Lifestyle

Life in Kedem is the perfect blend of rural atmosphere and urban convenience. Ten diverse synagogues offer a spiritual home for every style, and our excellent educational institutions, from daycare to high school, ensure the best education for your children.

There's also a new grocery store, a clinic, and even delivery services. From AliExpress orders to late-night pizza - Kedem brings whatever your heart (and stomach) desires right to your door.

Community

In Kedem, we are more than just neighbors - we are an extended family. Our community is made up of hundreds of young families, all sharing the vision of building a meaningful life in the Land of Israel.

Here, you'll find lifelong friends, partners in the journey, and a true sense of belonging. Every Friday, everyone gathers by the coffee and pastry cart - a perfect opportunity to meet new neighbors and strengthen existing connections.

SEE YOU IN

Starts Here

At Kedem, we offer you the young community you've always been looking for. One that will accompany you from starting a family through a lifetime.

Kedem - because Generation Z deserves better future .

This is your chance to be part of a growing neighborhood, to raise your children in a supportive and value-driven environment, and to build your home in a place that combines everything good - community, quality of life, and economic value.
